REPORT ON SIMULATION TRAINING

The students of fourth year BSc nursing were given simulation training on normal vaginal delivery on 3/1/2023 at 2.00 pm. They were given simulation training on normal vaginal delivery procedure from the simulation lab. First in pre briefing session scenario was explained. During simulation training they were divided into different groups for simulation sessions. Individual training was also given to improve the practical skills of students. Return demonstration was done by each student and the required corrections were also provided. Debriefing session was carried out at the end on various practical difficulties they met and discussed solutions to solve problems. Students participated well, responded adequately and also expressed good feedback on the method of teaching.
