

AMALA COLLEGE OF NURSING AQAR (2022-2023)

CRITERION 2 – TEACHING- LEARNING AND EVALUATION

Key Indicator 2.6 – Student Performance and Learning Outcome

Metric No. 2.6.1 - The Institution has stated the learning outcomes (generic and programme-specific) and graduate attributes as per the provisions of the Regulatory bodies and the University; which are communicated to the students and teachers through the website and other documents

SUBMITTED TO

National Assessment and Accreditation Council

**Course Outcomes for All Courses
2021 Admission**

AMALA COLLEGE OF NURSING

(An undertaking of Amala Cancer Hospital Society)

Amala Nagar P.O., Thrissur-680 555, Kerala, India.

COURSE OUTCOMES (CO)

COURSE: APPLIED ANATOMY

COURSE CODE:01

LIST OF COURSE OUTCOMES

At the end of the course, students will be able to:

- CO1 : Evaluate the structure of cell, tissues, membranes and glands and check the implication and application of muscular system in nursing (L6, L5)
- CO2 : Explain the structure of respiratory system and design the structure of digestive system (L6, L3)
- CO3 : Outline the structure of circulatory system and evaluate the structure of the lymphatic system. (L4, L5)
- CO4 : Create an outline of endocrine system and explain the structure of sensory organs (L3, L2)
- CO5 : Apply knowledge on the structure of and outline the structure of reproductive system (L3, L4)
- CO6 : Use knowledge to describe and differentiate the structure of bones and joints. (L3, L4)
- CO7 : Recall the structure of excretory system and outline the structure of reproductive system (L1, L4)
- CO8 : Explain and illustrate the structure of nervous system. (L2, L3)

Amala Nagar P.O., Thrissur-680 555, Kerala, India.

COURSE OURCOMES (CO)

COURSE: APPLIED PHYSIOLOGY

COURSE CODE:2

LIST OF COURSE OUTCOMES

- CO1 : Recognize the physiology of human body and analyze the lymphatic system and special senses (L1, L4)
- CO2 : Explain and evaluate the physiology of respiratory system (L2, L5)
- CO3 : Analyze the physiology of digestive system and outline the physiology of cardiovascular system, lymphatic system and immunological function (L4, L6)
- CO4 : Explain the functions of blood and assemble the functions of endocrine glands (L2, L4)
- CO5 : Assemble the physiology of skin and understand the bone formation, growth, and movements of skeletal system, and evaluate muscle contraction and tone (L4, L5)
- CO6 : Assemble the functions of the renal system and memorize the functions of reproductive system (L4, L6)
- CO7 : Understand the physiology of nerve stimulus, reflexes, brain, cranial and spinal nerves. (L2, L6)

Amala Nagar, Thrissur – 680 555, Kerala

First Nursing College accredited by NAAC with A grade in the first cycle (RAF)

Affiliated to Kerala University of Health Sciences and recognized by Kerala Nurses and Midwives Council & Indian Nursing Council
(Certificate No. 18-16/2893-INC)

COURSE OUTCOMES (CO)

Course : B.Sc. Nursing
Semester : First Semester
Course / Subject Title : Applied Physiology
Course Code : PHYS 110

LIST OF COURSE OUTCOMES

At the end of the course students will be able to:

- CO1 : Recognize the physiology of human body and identify the properties and functions of musculoskeletal system. (L1, L3)
- CO2 : Understand the circulation of heart, functions and cardiovascular homeostasis and compare the special senses with functions. (L2, L4)
- CO3 : Explain the functions of blood and hormones and assess the functions of endocrine glands. (L2, L5)
- CO4 : Determine the physiology of nerve stimulus, reflexes, brain, cranial nerves and distinguish between peripheral & autonomic nervous system. (L5, L4)
- CO5 : Discuss the physiology of respiratory system and determine the functions of reproductive system (L6, L5)
- CO6 : Apply the physiology of digestive system and assemble the functions of renal system (L3, L6)

COURSE OUTCOMES (CO)

COURSE: SOCIOLOGY

COURSE CODE: 7

LIST OF COURSE OUTCOMES

At the end of the course, students will be able to:

- CO1 : Explain the concepts of sociology and hypothesize the impact of community practices on health (L2, L6).
- CO2 : Apply knowledge regarding growth of population and plan the process of social control (L3, L6)
- CO3 : Illustrate social organization and evaluate the influence of caste- class system on health Practices (L2, L5)
- CO4 : Analyze the relationship of individual in society and community and execute the knowledge regarding influence of culture on health and disease (L3, L4)
- CO5 : Differentiate various social process and coordinate the process of social change (L4, L5)
- CO6 : Identify various social groups and judge the influence of various social institutions on health practice (L1, L5)
- CO7 : Organize the process of social control and apply this knowledge in practice (L3, L4)

COURSE OUTCOMES (CO)

COURSE: PSYCHOLOGY

COURSE CODE:5

LIST OF COURSE OUTCOMES

At the end of the class students will be able to:

- CO1 : Explain the history, scope and methods of psychology and analyze the biology of human behaviour (L2, L4)
- CO2 : Understand the psychology of people at different ages from infancy to old age and differentiate the psychology of different groups. (L2, L4)
- CO3 : Apply the concepts of personality and attitude and integrate their influence on behaviour. (L3, L4)
- CO4 : Evaluate the various cognitive processes and generate their applications (L5, L6)
- CO5 : Analyze the concepts, theories of motivation, emotion and stress and design how they influence behaviour. (L4, L6)
- CO6 : Recall the different psychological assessment tests and plan the nurse's role in assessment of various tests. (L1, L6)
- CO7 : Critic the characteristics of a mentally healthy person and identify the various ego Défense mechanisms (L5, L4)

Course : B.Sc. Nursing
Semester : Third Semester
Course / Subject Title : Applied Microbiology and Infection Control Including Safety
Course Code : MICR-201

LIST OF COURSE OUTCOMES

At the end of the course, students will be able to:

- CO1 : Explain concepts of microbiology with its use in nursing and describe the structure and growth of bacteria. (L2, L6)
Section A : Units 1 & 2
- CO2 : Identify different disease-producing organisms and explain about immunity, hypersensitivity and immunization. (L1, L5)
Section A : Units 3 & 4
- CO3 : Analyze the evidence-based practices and demonstrate appropriate use of different types of personal protective equipment's including hand hygiene practice. (L4)
Section B : Units 1, 2 & 3
- CO4 : Describe disinfection and sterilization techniques as well as various specimen collection methods. (L6)
Section B : Units 4 & 5
- CO5 : Explain on Biomedical Waste Management and antibiotic stewardship. (L3)
Section B : Units 6 & 7
- CO6 : Describe safety indicators for patients and employees including nurse's role for quality improvement and identify risk & prevention of occupational hazards (L1, L4)
Section B : Units 8 & 11
- CO7 : Enumerate IPSG and apply various safety protocols (L3)
Section B : Units 9 & 10

Amala Nagar, Thrissur – 680 555, Kerala

First Nursing College accredited by NAAC with A grade in the first cycle (RAF)

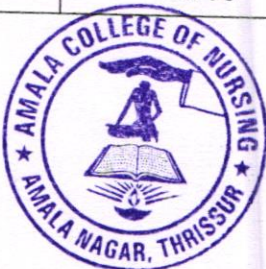

Affiliated to Kerala University of Health Sciences and recognized by Kerala Nurses and Midwives Council & Indian Nursing Council
(Certificate No. 18-16/2893-INC)

COURSE OUTCOMES (CO)

Course : B.Sc. Nursing
Semester : Third Semester
Course / Subject Title : Pharmacology I
Course Code : PHAR-I-205

LIST OF COURSE OUTCOMES

At the end of the course, students will be able to:

- CO1 : Explain pharmacodynamic, pharmacokinetics, classification as well as principles of drug administration (L2)
- CO2 : Understand the role of nurse while using antiseptics and disinfectants (L3)
- CO3 : Describe drugs acting on gastrointestinal and respiratory system disorders with its nurse's responsibilities and evaluate the responsibility of a nurse while administering drugs acting on cardiovascular and endocrine system disorders (L6, L5)
- CO4 : Outline the drugs used in skin disease and communicable diseases with its nurses responsibilities (L4)
