Community learning activities

- The institution provides wide range of community-based teaching learning activities for both UG and PG students as a part of curriculum.
- The activities such as home visiting, observation visits, field visits, projects, home based care, surveys, family education, National day celebration and awareness programme, outreach clinicals, health exhibitions, school health programmes, nutritional day celebrations, health campaign etc. are conducted by the students regularly.
- Community based teaching, learning exposure is provided in second and fourth year of the course. With 8 weeks of posting in various affiliated health centers and areas.

Residential facility for students, trainees at the health centers are not using now due to the least distance from the area and hospital.
