LANDSCAPING WITH TREES AND PLANTS

The college is located in a centre of lush greenery with ample free space.

- The college promotes a fun filled learning activity for the students where they get opportunities to learn about the medicinal plants through the **herbal garden project**.
- The campus also has a **botanical garden** with extensive collection of plants, labeled with common and scientific names and regions of origin.
- Vegetables like cabbage, brinjal, ladies finger, turmeric, green chillies, tomato etc are cultivated seasonally in the **vegetable garden** located opposite of the herbal garden
- Ultimately the campus is maintaining natural equilibrium with trees, birds and cattles and water bodies along with human interactions.
